

CYBER THREATS NOTIFICATIONS - BARCLAYS BANK IRELAND PLC

The EU Digital Operational Resilience Act requires Barclays Bank Ireland Plc to identify significant cyber threats and where applicable, inform our clients of any appropriate protection measures that they should consider taking. Where appropriate, we will publish notifications relating to significant cyber threats on <https://privatebank.barclays.com/support-and-information/security/cyber-threats>. If you believe the information shared is relevant for you and your organisation, you may want to consult with your information security teams about appropriate next steps.
